

FLORENCE CITY SCHOOLS

Use of Digital Devices by Students During the Administration of Secure Tests

Student Requirements

The possession of a digital device (including but not limited to cell phones, iPhones, iPads, iPods, MP3 players, cameras, or other telecommunication devices capable of capturing or relaying information) is strictly prohibited during the administration of a secure test. If a student is observed in possession of a digital device during the administration of a secure test, the device will be confiscated.

If a student is observed using a digital device during the administration of a secure test, testing for the student will cease, the device will be confiscated and subjected to search, the student will be dismissed from testing, and the student's test will be invalidated.

The Florence City Board of Education will make all students and parents/guardians aware of this prohibition through various means of communication including but not limited to school websites, school callouts, written communication, and other regularly used modes of communication.
